Featured NIH Opportunity

**Alcohol-HIV/AIDS Program Project (RFA-AA-19-002)**
Deadline: April 16, 2019

The P01 Program Project is designed to foster teams capable of using coordinated, focused approaches to address high priority topics in alcohol research and to develop a sustained thematic approach required for resolution of complex issues in alcohol research. Thus, grant applications are expected to identify a relevant and important issue, propose innovative research that will address the related questions, provide a rationale for the proposed team approach, and establish an appropriate timeline. The central theme of the proposed Program Project should reflect the expertise of the participating investigators, should take advantage of the institution's strengths and/or unique facilities including access to relevant clinical populations, and should be directed toward a high priority topic of significant importance in alcohol research.

Health Research and Services Administration
New Access Points (HRSA-19-080)
Deadlines: MUSC Internal: Jan 31, 2019; Application: March 12, 2019

FOA Overview:
The purpose of the Health Center Program New Access Points (NAP) funding opportunity is to improve the health of the nation’s underserved communities and vulnerable populations by expanding access to affordable, accessible, quality, and cost effective primary health care services. NAP funding provides operational support for new service delivery sites for the provision of comprehensive primary health care services (i.e., new access points). Applicants must propose at least one full-time, permanent new access point site that has primary medical care as its main purpose.

Special Instructions:
This funding opportunity is limited to ONE proposal. Interested applicants should contact Wanda Hutto Pierce at piercwh@musc.edu no later than January 31, 2019. Should the number of potential proposals exceed the amount allowed, ORD will require an internal review selection process. In addition, if the internal deadline has passed and you are interested in this opportunity, please email Wanda Pierce at piercwh@musc.edu to find out if it is still open.
