

# Adding a Funding Opportunity using

## SCTR TL1 Predoctoral Clinical & Translational Research Program

### InfoReady System

MEDICAL UNIVERSITY OF SOUTH CAROLINA ▾ CALENDAR

#### Applications and Competitions for Grant Funding

InfoReady is the MUSC portal for faculty submissions to 1) **Limited Submission Opportunities** (federal, state, and private programs); 2) **Pilot Project Opportunities**, and 3) **Training and Career Development Opportunities**.

If you would like to submit a proposal for any of the opportunities listed below, click on the title of the opportunity, then click "Apply" and follow the prompts. Once you "Submit," you will receive an email confirmation of receipt.

- All applications for SCTR funding opportunities must be submitted through the online application portal InfoReady.
- Before submitting the InfoReady application, the principal investigator **MUST** obtain a **Study ID from SPARC**. This allows SCTR to link the funding application to services for tracking and reporting.

All application materials should be uploaded in InfoReady. *No application materials should be uploaded in the SPARCRequest system.*

**Please read all instructions before initiating an application.**

Screen shots and step-by-step instructions appear on the next slides.

# What if my study is already in SPARC?

Investigators with an **existing study** related to the research proposed must use that Study ID on their InfoReady application.

It is *not necessary to create a new study in SPARC*. Instead, the PI will **add the funding opportunity to their existing study**.

- › Go to slide #11 for detailed instructions.

To check if you already have an existing Study in SPARC, select **“Visit Your Dashboard”** on the SPARC homepage.

**Note:** TL1 applicants are unlikely to have an existing study!

# What if my study is not in SPARC?

*\*\*Most likely for TL1 applicants\*\**

*You will need to create a study in SPARC to get a **Study ID** for your proposed research.*

Proceed to slide #4 for detailed instructions.

## How to Obtain a NEW Study ID

# Obtaining a **NEW** Study ID

- 1) Go to **sparc.musc.edu**
- 2) Select **South Carolina Clinical and Translational Research Institute** from the menu on the left
- 3) Select **Funding Opportunities** from the drop-down menu

The screenshot displays the SPARCRequest web application interface. At the top, a horizontal arrow indicates a five-step process: Step 1 (Manage Services), Step 2 (Protocol Information), Step 3 (Service Details), Step 4 (Documents & Forms), and Step 5 (Review Your Request). The main content area is titled 'Step 1: Manage Services' with the instruction 'Select services to start a new request or modify an existing request'. On the left, a search bar is followed by a dropdown menu for 'Medical University of South Carolina'. Below this, a list of service categories is shown, with 'South Carolina Clinical and Translational Research Institute (SCTR)' highlighted by an orange oval. An orange arrow points from the second instruction in the list to this highlighted item. The main content area features a 'Welcome to SPARCRequest' message, a description of the system, and a 'Browse our service catalog to start a new request\*' button. A 'Visit Your Dashboard' button is also present. On the right, a 'My Services' section shows 'Current' and 'Completed' tabs, with a message stating 'You do not have any requested services.' A 'Save and Continue' button is located at the bottom right.

# Obtaining a NEW Study ID (2)

4) Make a selection from the **Funding Opportunities** listed

5) Click **+** to add to cart

**\*\*\*Please make sure to select the TL1 funding opportunity – these instructions use the PERK program only as an example.**

**Step 1: Manage Services**  
Select services to start a new request or modify an existing request

Search by Name, CPT Code, or EAP ID

**Medical University of South Carolina**

- CEDAR: Comparative Effectiveness and Data Analytics Research Resource
- Center for Biomedical Imaging
- Center for Genomics Medicine
- ClinCard by Greenphire

  - Digital Health Solutions (DHS)

**Funding Opportunities**

- Community Engaged Scholars Program (CES-P) Grants
- ▾ Program to Enhance the Retention of Clinicians (PERK)

The PERK program provides supplemental funds to eligible junior faculty to support their ongoing clinical research efforts. The goal of PERK is to retain early-career physician scientists in research. PERK aims to help junior faculty sustain productivity while managing extraprofessional caregiving demands, including childcare, eldercare, and personal health concerns.

# Adding a Funding Opportunity (3)

5) Select **South Carolina Clinical and Translational Research Institute** from the menu on the left

6) Select **Funding Opportunities** from the drop-down menu

The screenshot displays the SPARCRequest web application interface. At the top, a horizontal navigation bar shows five steps: Step 1: Manage Services (dark blue), Step 2: Protocol Information (green), Step 3: Service Details (light blue), Step 4: Documents & Forms (orange), and Step 5: Review Your Request (red). Below this, the 'Step 1: Manage Services' section is active, with the instruction 'Select services to start a new request or modify an existing request'. On the left, a search bar is followed by a dropdown menu for 'Medical University of South Carolina'. A list of services follows, including CEDAR, Center for Biomedical Imaging, Center for Genomics Medicine, ClinCard by Greenphire, Cores & Facilities, Laboratory Services, National Center of Neuromodulation for Rehabilitation (NC NM4R), Office of Clinical Research (OCR), Office of Research Integrity, and South Carolina Clinical and Translational Research Institute (SCTR). The SCTR option is circled in orange, with an arrow pointing to it from the instruction text. The main content area features a 'Welcome to SPARCRequest' header and a description of the system. A button 'Visit Your Dashboard' is present. A note states: '\* You may only select services applicable to ONE Study or Project at a time'. On the right, a 'My Services' sidebar shows 'Current' and 'Completed' tabs, with a message 'You do not have any requested services.' At the bottom right, a 'Save and Continue' button is visible.

7) The funding request will be **added as a new service.**

➤ *All of your existing protocol information will pre-populate.*

8) Click **Save and Continue** to move through to Step 5

**Step 5: Review Your Request** Study #14286  
Review your request and make changes if necessary
