

Cellular Therapy: A Game Changer for Autoimmune Diseases!

Gary Gilkeson, MD

Distinguished University
Professor

Department of Medicine
Division of Rheumatology
College of Medicine

Cellular therapies for the treatment of autoimmune diseases such as lupus are on the rise. Are they the answer to an illness that can damage any part of the body?

Join us to hear Dr. Gary Gilkeson discuss the potential benefits, results, and risks of the latest innovative cellular treatments!

Science for the rest of us

MUSC's Science Café is a series of presentations offering entertaining talks on scientific subjects in a fun, non-technical way in a pleasant social environment. To learn more, contact Tara Abbott at 843-792-2926 or abbottt@musc.edu.
