

Fatty Liver Disease – a powder keg ready to blow!

Don C. Rockey, MD

Chair,
Department of Medicine
College of Medicine

Chronic liver disease is a growing epidemic – a silent killer tied to obesity and metabolic syndrome – in adults and children.

Dr. Don Rockey will share the latest research with potential medical treatments to fight this disease and its complications before its disastrous effects are realized.

Science for the rest of us

MUSC's Science Café is a series of presentations offering entertaining talks on scientific subjects in a fun, non-technical way in a pleasant social environment. To learn more, contact Tara Abbott at 843-792-2926 or abbottt@musc.edu.
