Science for the rest of us

MUSC's Science Café is a series of presentations offering entertaining talks on scientific subjects in a fun, non-technical way in a pleasant social environment. To learn more, contact Tara Abbott at 843-792-2926.

Join Dr. Gustavo Leone, director of Hollings Cancer Center, as he explores exciting developments in the fight against cancer. Can it be cured and why hasn't it happened before now? As an aging population threatens to increase the number of new cancer cases to 23.6 million worldwide by 2030, find out about new advances that cancer researchers hope will help stem the tide.
